CNC Utility Worker, 2nd shift

\$17-\$18/hr. PLUS 10% shift differential

The primary role of the CNC Utility Operator is to work with area lead and other machinists. Both verbal communication and attention to detail is vital in this role.

Duties and Responsibilities:

- Monitor computer numeric controlled (CNC) equipment that have been setup to operate, producing parts and tools from different resources including metal and plastic.
- Wash and deburr parts as well as package parts.
- Load bar stock into machines
- Start and observe machine operation to detect malfunctions or out-of-tolerance machining and adjusts machine conditions media as required.
- Attend to scrap barrels and load barrels into scrap trailer.
- Verifies conformance of finished parts to specifications, using measuring and inspection tools as necessary.

Interpersonal Skills:

- Ability to understand and follow written/verbal directions and work procedures.
- Demonstrated ability to work well within a small team.
- Proven ability to take initiative.
- Established record of taking pride in their work to provide a high-quality product to the customer.

Technical Skills:

- Basic mathematics and computer data entry skills
- Ability to read and interpret documents such as safety rules, operating and maintenance instructions, and procedure manuals. Ability to write routine reports and correspondence.

Working Environment:

- Reports to the Shift Lead
- Maintain a clean and organized work area and maintain all equipment, to like new appearance, according to maintenance plans and established procedures.
- Maintain a positive work atmosphere by acting and communicating in a manner so that you get along with customers, clients, co-workers, and management.
- Continue to grow lean knowledge and use the tools to identify and assist with continuous improvement.
- Ensure that safe work practices are followed and maintained.

Experience:

- High school diploma, technical training, or equivalent professional experience
- 1-3 years Vocational Technical experience

Benefits to working with BETE:

A competitive benefits package that includes: 401(k) Retirement Savings Program (includes 25% company match), Health and Dental Insurance (after 30days), Flexible Spending Account and Dependent Care Spending Accounts, Life and AD&D Insurance(s), Employee Assistance Program, Company Paid Life Insurance, Vacation Time, Sick Time, Employee Referral Program, Tuition Reimbursement, Bi-Annual Discretionary Bonuses (June & December), 8 ½ paid holidays, On-site fitness facility, and All Employee Annual Fall Company Outing.
